Pipeline Services

Henkels & McCoy has installed everything from gathering lines to 48-inch, cross-country pipelines, working in various types of climate and terrain. H&M has the capabilities and experience to complete all aspects of pipeline construction projects.

H&M's Quality Management System (QMS) and Project Management Methodologies (PMM) are systematically aligned and have been the driving factor of projects that have been completed throughout the company's history. H&M's QMS and PMM are reflective of the firm's vision, mission, and goals.

Henkels & McCoy takes great measures to exceed all environmental compliance requirements, restoring job sites and rights-of-way quickly and efficiently. At H&M, safety is woven into every aspect of accomplishing the important work of bringing safe, reliable energy to businesses and communities across the country.

Commitment to Safety

Henkels & McCoy (H&M) extends safety to every aspect of work. Safety drives the development of impeccable work practices and is at the core of the way behavior is observed, communicated, and investigated. H&M follows a daily safety management system of leading and lagging indicators, including coaching observation trends, work site audits, good catch and near miss reports, corrective action follow-ups, total recordable incident rates, days away, and restricted duty and transfers. With these indicators, H&M performs trend analysis and program validation of safety performance. Our vigilant evaluation and implementation of company and industry-wide best practices make certain H&M maintains the absolute highest safety standards to protect our workers, our clients, and our communities. H&M's daily mission is to ensure "Nobody Gets Hurt!"

About

Henkels & McCoy is an industry-leading utility construction firm providing critical infrastructure design, construction and maintenance services for the power, oil & gas pipeline, gas distribution, and communication markets throughout North America. Founded in 1923, Henkels & McCoy adapts a century of experience to the dynamic and evolving infrastructure needs of today. Henkels & McCoy has been recognized with an E. I. DuPont Safety Excellence Award and is a founding member of the Electrical Transmission & Distribution Partnership, a collaborative industry partnership working to reduce fatalities, injuries, and illnesses in the electric line construction industry.
