

Emergency Response

When catastrophic events occur, a time-critical response is essential. H&M's crews can be contracted to mobilize within hours. Across the nation, the firm has fully equipped fleets with the most advanced equipment, to be called upon to respond wherever disaster strikes. H&M is expertly prepared to do the work that's needed when ice and snow storms, tornadoes, hurricanes, heavy winds, and unforeseen events wreak havoc.

H&M executes rapid restoration for clients by assessing the situation, prioritizing actions, and strategically deploying resources to protect lives and prevent further damage. Highly trained and qualified technical and labor teams rise to the challenge, making damaged sites safe and restoring power.

The firm has the capabilities to restore energized and de-energized transmission and distribution infrastructure and return power and stable conditions to storm-ravaged communities. Crews work rigorous hours in the most extreme conditions to keep people safe and ensure businesses and vital services are operating.

Commitment to Safety

Henkels & McCoy (H&M) extends safety to every aspect of work. Safety drives the development of impeccable work practices and is at the core of the way behavior is observed, communicated, and investigated. H&M follows a daily safety management system of leading and lagging indicators, including coaching observation trends, work site audits, good catch and near miss reports, corrective action follow-ups, total recordable incident rates, days away, and restricted duty and transfers. With these indicators, H&M performs trend analysis and program validation of safety performance. This vigilant evaluation and implementation of company and industry-wide best practices make certain H&M maintains the absolute highest safety standards to protect our workers, our clients, and the community. H&M's daily mission is to ensure "Nobody Gets Hurt!"

About

Henkels & McCoy is an industry-leading utility construction firm providing critical infrastructure design, construction, and maintenance services for the power, oil & gas pipeline, gas distribution, and communications markets throughout North America. Founded in 1923, Henkels & McCoy adapts over 95 years of experience to the dynamic and evolving infrastructure needs of today. Henkels & McCoy has been recognized with an E. I. DuPont Safety Excellence Award and is a founding member of the Electrical Transmission & Distribution Partnership, a collaborative industry partnership working to reduce fatalities, injuries, and illnesses in the electric line construction industry.
